D. Amendment to “Section 1.13 – Distribution Policy” on page 9 of the Prospectus

The information relating to the distribution policy is hereby deleted and replaced with the following:-

1.13 Distribution Policy

Classes (for USD Class, MYR Class, MYR Hedged Class, AUD Hedged Class, SGD Hedged Class, GBP Hedged Class and RMB Hedged Class)	Distribution Rate	Frequency
Class A	-	Incidental
Class B	Fixed payout of 5.00% per annum	Monthly

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

Distribution may be made out of income and/or capital of the Fund.

For Class A, distribution (if any) may be declared in our absolute discretion. There is no guarantee, assurance and/or certainty that we will make distributions.

For Class B, we will declare a fixed distribution. Further, we have the absolute discretion but not the obligation to declare a higher distribution (i.e. above the fixed rate of distribution) when the Fund performs well.

Our current intention is to declare distribution out of the income and/or capital of the Fund. We intend to declare distribution out of income as much as possible and to retain discretion to distribute out of capital as deemed appropriate by us. The rationale for providing the payment of distribution out of capital for the Fund is to allow for the ability to provide a stable and consistent level of distribution to investors.

For the Manager to generate the distributable income, all or parts of the fees and expenses incurred by the Fund may be charged to the capital of the Fund.

The effects of distributing income out of the Fund's capital would include but are not limited to the following:

- the value of the investments in the Fund may be reduced; and
- the capital of the Fund may be eroded.

The distribution is achieved by forgoing the potential for future capital growth and this cycle may continue until all capital of the Fund is depleted. As a result, the value of future returns would be diminished and there would be an impact on the future growth potential of the Fund as the available assets to grow in the future is the net of the expenses charged to the Fund.

Although Class A and Class B may make distribution out of income and/or capital, the potential distribution out of capital for Class B is expected to be more substantial than Class A due to the fixed distribution for Class B.

Please note that if distribution is made, such distribution is not a forecast, indication or projection of the future performance of the Fund. The Manager has the right to make provisions for reserves in respect of distribution of the Fund. For Class A, if the distribution available is too small or insignificant, any distribution may not be of benefit to the Unit Holders as the total cost to be incurred in any such distribution may be higher than the amount for distribution and the Manager has the discretion to decide on the amount to be distributed to the Unit Holders. The Manager also has the discretion to make distribution on an ad-hoc basis, taking into consideration the performance of the Fund.

For the avoidance of doubt, any distribution will be rounded to two (2) decimal points (sen per Unit) based on the policy on rounding adjusting of the NAV per Unit of the Class.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

E. Amendment to “Section 1.14 – Mode of Distribution” on page 9 of the Prospectus

The information relating to the mode of distribution is hereby deleted and replaced with the following:-

1.14 Mode of Distribution

Distribution (if any) will be paid out in the currencies in which the Class(es) are denominated. Unit Holders may choose to receive any distribution declared in either of the following methods:

1) Reinvestment of Units

We will create the Units based on the NAV per Unit of the Class on the Reinvestment Date. There will not be any cost for reinvestment of those additional Units, i.e. no sales charge will be imposed on such transaction.

2) Cash Payment

Unit Holders should note that distribution payments, if any, will be made in the respective currency of the Class(es). As such, the distribution amount may be different for each Class as a result of exchange rate movement between the Base Currency and the currency denomination of the Class(es). The distribution will be paid into your bank account (which shall be in the respective currency of the Class(es)) in our records. All the costs and expenses incurred in facilitating such distribution payments shall be borne by Unit Holders.

Income distribution will be automatically reinvested on the Reinvestment Date without incurring any sales charge, if:

- any distribution payable is less than or equal to the amount of USD/RM/AUD/SGD/GBP/RMB 250.00, or such amounts as may be determined by the Manager from time to time. Unit Holders will be notified prior to any increase in the said minimum threshold amount, and any changes to such an amount will be updated on our website at www.tainvest.com.my;
- no distribution choice was made on the account opening form or transaction form; and/or
- there is no bank account details provided.

Note:

Any change in distribution instruction must be in writing. If this is done in the last fourteen (14) days before the distribution declaration date of the Class, the change will only take effect from the next distribution point, if any.

F. Amendment to “Section 1.17.2 – Specific Risks associated to the Fund” from pages 12 to 18 of the Prospectus and pages 3 to 4 of the First Supplementary Prospectus

The information relating to the currency risk and distribution out of capital risk are hereby deleted and replaced with the following:-

i) Currency Risk

As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

The Fund may offer Units in multiple currency Classes, which will expose the Unit Holder to currency risk in respect to the currency of Units of a Class other than the Base Currency.

(i) Currency risk at the hedged Class level

Investors in the hedged Classes may be subjected to currency risk due to imperfect hedging by the Manager when the Manager hedges the respective currency against the Base Currency. However, investors should note that hedging is subject to a minimum investment size of entering into a forward contract and the unhedged portion of the respective hedged Classes may still be affected by the exchange rate movement which may result in fluctuation of NAV of the respective hedged Classes. In addition, investors in the hedged Classes should note that by employing this hedging, investors would not be able to enjoy the additional currency gains when the Base Currency moves favourably against the currency of the hedged Classes. Additional transaction costs of hedging will also have to be borne by the investors in these hedged Classes.

Investors in the hedged Classes should also note that in the event if the size of the hedged Classes is relatively small, the Manager may not hedge the respective currency of the hedged Classes against the Base Currency if it is of the view that the hedging is not in the interests of the Fund and/or Unit Holders.

(ii) Currency risk at the non-hedged Class level

For investors in the non-hedged Classes, the impact of the exchange rate movement between the Base Currency and the currency of the respective non-hedged Classes (other than USD Class) may result in a depreciation of the investor's holdings as expressed in the Base Currency.

u) Distribution Out of Capital Risk

Distribution may be paid out of capital when the realised gains or realised income of the Fund is insufficient to pay a distribution. Unit Holders should note that the payment of distribution out of capital represents a return or withdrawal of part of the amount the Unit Holders originally invested or from any capital gains attributable to the original investment. Such distribution may result in an immediate decrease in the NAV per Unit of the Class and in the capital of the Fund has available for investment in the future. As a result, capital growth may be reduced and a high distribution yield from distribution out of capital does not imply a positive or high return on Unit Holders' total investments.

G. Amendment to "Section 2.4 – Switching Fee" on page 24 of the Prospectus

The information relating to the switching fee is hereby deleted and replaced with the following:-

2.4 Switching Fee

Dear Sirs

Re: Taxation of the Fund and Unit Holders

This letter has been prepared for inclusion in the Second Supplementary Prospectus in respect of TA Global Absolute Alpha-i Fund ("the Fund").

Taxation of the Fund

Income Tax

The Fund is a unit trust for Malaysian tax purposes. The taxation of the Fund is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Subject to certain exemptions, the income of the Fund in respect of investment income derived from or accruing in Malaysia is liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

The Fund may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia was previously exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Based on the Finance Act 2021, income derived by a resident unit trust from foreign sources and received in Malaysia from 1 January 2022 onwards will be subject to Malaysian income tax. From 1 July 2022, the prevailing tax rate of 24% will apply to the chargeable income computed in respect of the foreign source income remitted into Malaysia by the Fund.

Where the same foreign income has been taxed in both Malaysia and the foreign country, a tax credit in the form of bilateral relief under a Double Tax Agreement ("DTA") or unilateral relief under the domestic law (if there is no available DTA or a limited DTA which does not provide such relief) may be given in respect of such income, subject to conditions.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

Nevertheless, pursuant to Income Tax (Unit Trust in Relation to Income Received in Malaysia from Outside Malaysia) (Exemption) Order 2024, the Minister of Finance exempts a qualifying unit trust¹ from the payment of income tax in respect of the gross income on all sources of foreign income under Section 4 of the Act which is received in Malaysia in the basis period for a YA, subject to meeting the prescribed conditions. The exemption is granted for foreign source income received in Malaysia from 1 January 2024 to 31 December 2026.

The above tax exemption is subject to the compliance with the conditions imposed by the Minister of Finance in the relevant basis period as specified in the guidelines to be issued by the Director General of Inland Revenue, which shall include the following conditions:-

- a. The foreign sourced income of the qualifying unit trust has been subjected to tax of a similar character to income tax under the law in its originating country. Additionally, the highest tax rate in that country is at least 15%; or
- b. The Fund management company¹ of the qualifying unit trust shall employ an adequate number of employees in Malaysia and incur an adequate amount of operating expenditure in Malaysia.

Gains from the realisation of investments by the Fund prior to 1 January 2024 is exempted from income tax pursuant to Section 61(1)(b) of the Act. However, such gains may be subject to tax in the country from which it is derived.

Based on the Finance (No. 2) Act 2023, gains or profits from the disposal of investments will be subject to income tax in Malaysia under the newly introduced Section 4(aa) of the Act (i.e. Capital Gains Tax ["CGT"]). Further to the introduction of CGT, gains from the realisation of investments by the Fund will be regarded as income and subject to tax under the CGT regime. With effect from 1 January 2024, CGT will be imposed on the Fund on gains arising from disposal of:-

- (a) shares in companies incorporated in Malaysia not listed on the stock exchange ("Malaysian shares")²;
- (b) shares of a controlled company incorporated outside Malaysia which owns real property situated in Malaysia or shares of another controlled company, subject to meeting the 75% threshold conditions ("Section 15C shares")²; and
- (c) moveable or immovable properties situated outside Malaysia ("foreign capital assets") that occurs on or after 1 January 2024, when the gains are received in Malaysia³.

¹ "Qualifying unit trust" refers to a unit trust resident in Malaysia managed by a management company (as defined below) and has foreign sourced income received in Malaysia but excludes a unit trust which is approved by the Securities Commission as Real Estate Investment Trust ("REIT") or Property Trust Fund ("PTF") listed on Bursa Malaysia.

"Management company" means a company licensed by the Securities Commission by which or on whose behalf a unit of a qualifying unit trust either has been or is proposed to be issued, or offered for subscription or purchase; or in respect of which an invitation to subscribe or purchase has been made, and includes any person for the time being exercising the functions of the management company ("Licensed Management Company").

² The Income Tax (Unit Trust) (Exemption) Order 2024 has been gazetted to provide a CGT exemption on gains or profits to a qualifying unit trust from the disposal of unlisted shares of a company incorporated in Malaysia and disposal of Section 15C shares made from 1 January 2024 to 31 December 2028. However, the exemptions does not apply to gains or profits from the disposal of shares chargeable to tax as a business income under Section 4(a) of the Act.

³ The gains from the realisation of the foreign capital assets when remitted into Malaysia, would be exempted from CGT if the qualifying unit trust complies with the conditions imposed under the Income Tax (Unit Trust in Relation to Income Received in Malaysia from Outside Malaysia) (Exemption) Order 2024.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

Pursuant to Section 2 of the Act, “share” is defined in relation to a company, includes stock other than debenture stock.

Where the CGT exemption does not apply to the Fund, the following CGT tax rate may be applied for any disposal of Malaysian shares and Section 15C shares that are acquired prior to 1 January 2024:-

- 10% on the chargeable income from the disposal of the investments; or
- 2% of gross on the disposal price of the investments.

Whilst CGT tax rate of 10% will apply on the chargeable income from the disposal of Malaysian shares and Section 15C shares that are acquired on or after 1 January 2024.

Gains from disposal of foreign investments received in Malaysia will be subject to CGT based on the prevailing income tax rate of the Fund (i.e., 24%) where the CGT exemption does not apply. The relevant DTAs need to be studied to ascertain whether any relief or exemption is available over such gains.

However, gains from the realisation of investments by the Fund which relate to real property as defined in the Real Property Gains Tax (“RPGT”) Act, 1976 will not be subject to CGT under the Act and will remain to be subjected to RPGT.

Notwithstanding the above, gains or profits earned by the Fund from the following are exempt from tax:-

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or
- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013⁴; or
- any development financial institution regulated under the Development Financial Institutions Act 2002⁴; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission, or approved by the Labuan Financial Services Authority⁵.

Discounts earned by the Fund from the following are also exempt from tax:-

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

⁴ Effective from 1 January 2019, the exemption shall not apply to the interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

⁵ Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions. Based on the Finance Act 2021, income tax exemption shall also not apply to interest paid or credited by a special purpose vehicle to a company pursuant to the issuance of asset-backed securities lodged with the Securities Commission or approved by the Labuan Financial Services Authority from 1 January 2022 where the company and the person who established the special purpose vehicle solely for the issuance of the asset-backed securities are in the same group.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

Tax deductions in respect of the Fund's expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Single tier Malaysian dividends received by the Fund are exempt from tax and expenses in relation to such dividend income are disregarded.

RPGT

Gains on disposal of investments by the Fund was previously not subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

Based on the Finance (No. 2) Act 2023, gains from the disposal of shares in real property companies (as defined) by the Fund would no longer be subject to RPGT, with effect from 1 January 2024. The gains would be subject to CGT under the Act unless CGT exemption is available. Gains from the realisation of investments which relate to real property as defined in the RPGT Act, 1976 will remain to be subjected to RPGT.

Sales Tax and Service Tax

Under the Sales Tax Act 2018, Service Tax Act 2018 and subsidiary legislation, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally at 6% or 8% depending on the type of taxable services⁶. There are certain goods which are exempted from sales tax.

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Fund such as buying and selling of securities and deposits in financial institutions are also not subject to service tax. As such, if the Fund is only deriving income from such activities, the Fund is not liable to be registered for service tax. However, in the event if the Fund earns any other income which involves the provision of services, it needs to be assessed whether the services are taxable services.

Separately, certain expenses incurred by the Fund such as legal fees, consultancy fees and management fees may be subject to service tax at 8%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Fund is a cost to the Fund and is not recoverable.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

⁶ Effective 1 March 2024, the Service Tax rate has increased from 6% to 8% on all taxable services except for food and beverage, telecommunication services, parking and logistics services. The scope of taxable services is also expanded to cover karaoke, maintenance and repair services, brokerage and underwriting services and logistic services.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

Taxation of Unit Holders

Income Tax

Unit holders are taxed on an amount equivalent to their share of the total taxable income of the Fund, to the extent that this is distributed to them. The income distribution from the Fund may carry with it applicable tax credits proportionate to each unit holder's share of the total taxable income in respect of the tax paid by the Fund. Unit holders will be entitled to utilise the tax credit as a set off against the tax payable by them. Any excess over their tax liability will be refunded to the unit holders.

Based on the Finance (No.2) Act 2023, CGT will apply to a company, limited liability partnership, trust body (including unit trust) and co-operative society excluding an individual. The income distributed to unit holders out of the gains arising from the realisation of investments will continue to be not taxable in the hands of unit holders and unit holders may not claim a tax credit on any CGT paid by the Fund, effective 1 January 2024.

Corporate unit holders, resident or non-resident in Malaysia, would be taxed at the current corporate tax rate of 24% on distributions of income from the Fund to the extent of an amount equivalent to their share of the total taxable income of the Fund. Based on the Finance Act 2023, effective from YA 2023, corporate unit holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to concessionary tax rates as follows:

Chargeable Income	Tax Rate
up to RM150,000	15%
RM150,001 up to RM600,000	17%
in excess of RM600,000	24%

The above concessionary income tax rate is given only to corporate unit holders having gross business income for the relevant year of assessment of not more than RM50 million, in addition to the share capital requirement. However, the above concessionary income tax rate would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate unit holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa; or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

In addition to the above, the concessionary tax rate would not apply if more than 20% of the paid-up capital in respect of ordinary shares of the company at the beginning of the basis period for a YA is directly or indirectly owned by a company or companies incorporated outside Malaysia or an individual or individuals who are not Malaysian citizens. This is effective from YA 2024.

Individuals and other non-corporate unit holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 30% with effect from YA 2020.

Individuals and other non-corporate unit holders who are not resident in Malaysia, for tax purposes, are subject to Malaysian income tax at the rate of 30% with effect from YA 2020. Non-resident unit holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdiction.

The distribution of tax exempt income by the Fund will not be subject to tax in the hands of the unit holders in Malaysia. Units split by the Fund will also be exempt from tax in Malaysia in the hands of the unit holders.

THIS SECOND SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 2 JANUARY 2025 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 17 MARCH 2022 AND THE FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-i FUND DATED 4 JUNE 2024

However, based on the Finance Act 2021, the income distributed to a unit holder other than an individual, out of the interest income exempt from tax of a unit trust that is a retail money market fund which is paid or credited by a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013, or any development financial institution regulated under the Development Financial Institutions Act 2002, will be subjected to tax. This is effective from 1 January 2022. Further, a new withholding tax mechanism is applicable on the above distribution. The income distributed to the unit holder other than an individual will be subject to withholding tax at the rate of 24% and the tax deducted can be utilised to set off against the tax payable by a tax resident unit holder. Withholding tax deducted on the income distributed to a non-individual unit holder who is not a tax resident in Malaysia will be regarded as a final tax. This is effective from 1 January 2022.

Any gains realised by the unit holders (other than financial institutions, insurance companies and those dealing in securities) from the transfer or redemption of the units are generally treated as capital gains. However, certain unit holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the unit holders.

Service Tax

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which exclude investment income or gains.

However, certain expenses such as legal fees, consultancy fees and management fees may be subject to service tax at 8%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

The tax position is based on our understanding and interpretation of the Malaysian tax legislations and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully

A. Amendment to “Section 1.9 – Investment Policy and Strategy” on page 8 of the Prospectus

The second paragraph of the investment policy and strategy is hereby deleted and replaced with the following:-

The investment universe will include, but is not limited to, Shariah-compliant equities and Shariah-compliant equity-related securities listed on exchanges globally. The Fund invests in companies which is unconstrained by geographical location, but diversified across different countries with maximum 80% of the Fund’s NAV per country. The exposure in each country is driven mainly by bottom up fundamental research and top down macro considerations as a check on the overall exposure.

B. Amendment to “Section 1.17.1 – General Risks of Investing in a Unit Trust Fund” from pages 11 to 12 of the Prospectus

The following information relating to the “Suspension Risk” is hereby inserted immediately after the “Operational Risk”:-

g) Suspension Risk

The Manager may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the redemption of Units where it is impractical for the Manager to calculate the NAV of the Fund due to the Manager being unable to determine the market value or fair value of a material portion of the Fund’s investments. Upon suspension, the Fund will not be able to pay Unit Holders’ redemption proceeds in a timely manner and Unit Holders will be required to remain invested in the Fund for a longer period. In such a scenario, Unit Holder’s investments will continue to be subjected to risk factors inherent to the Fund.

C. Amendment to “Section 1.17.2 – Specific Risks associated to the Fund” from pages 12 to 18 of the Prospectus

The information relating to the “Counterparty Risk” is hereby deleted and replaced with the following:-

t) Counterparty Risk

The Fund will be exposed to credit risk of the counterparties for investments in Islamic financial derivative instruments/Liquid Assets with the Islamic financial institutions. Any default by the counterparty would affect the NAV of the Fund. The Fund will only enter into Islamic financial derivatives instruments/Liquid Assets that are issued by counterparty with a minimum long-term credit rating of investment grade (including gradation and subcategories). Where the counterparty is not rated, the counterparty must be guaranteed by the parent company of the counterparty which has an investment grade credit rating (including gradation and subcategories). In the event where the rating of the counterparty falls below the minimum required, or the counterparty ceases to be rated, analysis will be conducted to assess the impact of unwinding the affected trades and replacement cost. We shall, within six (6) months or sooner, if the Trustee considers it to be in the best interests of the Unit Holders, take the necessary action to ensure that the requirements are complied with.

D. Amendment to “Section 1.17.3 – Risk Mitigation” from pages 18 to 19 of the Prospectus

The information relating to the risk mitigation is hereby deleted and replaced with the following:-

1.17.3 Risk Mitigation

We will take the following reasonable steps to mitigate the risks associated with the Fund:

- (a) monitor and review the Fund on a monthly basis and ensure that the Fund adheres to the investment policy and strategy and investment restrictions and limits;
- (b) review the investment results on a monthly basis against the benchmark of the Fund;
- (c) hedge currency risk, if applicable; and
- (d) escalate and report investment related matters of the Fund to the senior management and investment committee of TAIM.

To mitigate the Fund's risks, the External Investment Manager will, amongst other things:

- (a) constantly monitor market liquidity and pricing;
- (b) adhere to the Fund's investment policy and strategy and the investment restrictions and limits at all times to achieve the Fund's investment objective;
- (c) practice prudent liquidity management to ensure that the Fund maintains reasonable levels of liquidity to meet any redemption request. The External Investment Manager deploys a proprietary risk model to quantify liquidity risks. Key liquidity metrics are the time to liquidate (also known as the liquidity profile) and liquidation cost at the Shariah-compliant security and Fund level. In addition, historical redemption patterns are considered in assessing the ability of the Fund in meeting redemption requests. Liquidity stress tests based on stress scenarios are also performed.

To avoid suspension of the Fund, the Fund will hold adequate Liquid Assets and if the Liquid Assets are insufficient to meet redemption requests, the External Investment Manager will liquidate the investments of the Fund. If the liquidation of the investments is insufficient to meet redemption request, the External Investment Manager will inform the Manager, and the Manager may seek temporary financing, considering the best interests of Unit Holders. If the Manager is of the view that it has exhausted all possible avenues to avoid a suspension of the Fund, the Manager may as a last resort, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the redemption of Units where it is impractical for the Manager to calculate the NAV of the Fund due to the Manager being unable to determine the market value or fair value of a material portion of the Fund's investments. Please note that during the suspension period, there will be no NAV per Unit available and hence, any application for subscription, redemption or switching of Units received by the Manager during the suspension period will only be accepted and processed on the next Business Day after the

THIS FIRST SUPPLEMENTARY PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-I FUND DATED 4 JUNE 2024 MUST BE READ TOGETHER WITH THE PROSPECTUS OF TA GLOBAL ABSOLUTE ALPHA-I FUND DATED 17 MARCH 2022

cessation of the suspension. Unit Holders will be notified of the suspension and when the suspension is lifted.

For the Fund's investment in Islamic financial derivative instruments for hedging purposes, the global exposure of the Fund will be calculated using commitment approach to ensure it does not exceed the Fund's NAV. The global exposure of the Fund to Islamic financial derivative instruments is calculated as the sum of the:

- (a) absolute value of the exposure of each individual Islamic financial derivative instruments not involved in netting or hedging arrangements;
- (b) absolute value of the net exposure of each individual Islamic financial derivative instruments after netting or hedging arrangement; and
- (c) the values of cash collateral received pursuant to the reduction of exposure to counterparties of OTC Islamic financial derivative instruments.

E. Amendment to “Chapter 2: Fees, Charges and Expenses” on page 26 of the Prospectus

Note: The Manager has the discretion to lower the minimum Units for switching from time to time. Switching will be made at the prevailing NAV per Unit of the Fund to be switched from on a Business Day when the switching request is received and accepted by us on or before the cut off time of 4.00 p.m., subject to any terms and conditions imposed by the intended fund to be switched into, if any. If we receive your switching request after 4.00 p.m., we will process your request on the next Business Day.

Please note that the net asset value per unit of a fund (or its class of units) to be switched out and the net asset value per unit of the fund to be switched into may be of different Business Days. The table below sets out as a guide when the Unit Holder switches out of a fund into another fund managed by us. All switches will be transacted based on the net asset value per unit of the fund on the same day except for the following:

		Switch Out	Switch In
Non-money market fund*	Non-money market fund**	T Day	T+1 Day
Non-money market fund	Money market fund	T Day	At the next valuation point, subject to clearance of payment and money received by the intended fund.
Money market fund	Money market fund	T Day	At the next valuation point, subject to clearance of payment and money received by the intended fund.

Note:

** For certain funds with foreign investment exposure, the valuation point may be after the close of Bursa Malaysia but before 5.00 p.m. on the following day in which the Manager is open for business. As a result of having a valuation point on the following day (T+1 day), the net asset value of those funds with foreign investment exposure will not be published on the next Business Day but instead will be published the next following Business Day i.e.: two (2) Business Days later (T+2 day).*

*** for funds where the valuation point is on the same day, the net asset value of the funds will be published on the following Business Day (T+1 day).*

Currently, there is no restriction on the frequency to switch. However, we have the discretion to allow or reject any switching into (or out of) the Class, either generally (for all investors) or specifically (for any particular investor or a group of investors). However, switching from this Fund (Islamic fund) to a conventional fund is discouraged especially for Muslim Unit Holders.

The Manager reserves the right to vary the terms and conditions of switching from time to time and the Unit Holders will be notified accordingly.
